

LH 001

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Application of:

Catherine Lin-Hendel

Serial No.: 09/544,036

Filed: April 6, 2000

For: Multiple Selection of Digitally
Stored Objects and Corresponding
Link Tokens for Simultaneous
Presentation

Art Unit: 2179

Examiner: Nhon D. Nguyen

SECOND SUPPLEMENTAL DECLARATION UNDER 37 C.F.R. § 1.131

1. I am Catherine Lin-Hendel, the inventor and declarant. I make all statements in this declaration from my own personal knowledge.
2. This declaration supplements my Declaration Under 37 C.F.R. § 1.131 dated December 18, 2003, and my Supplemental Declaration Under 37 C.F.R. § 1.131 dated September 30, 2004.
3. Exhibit 3 that I submitted with my Declaration Under 37 C.F.R. § 1.131 dated December 18, 2003, shows a display within a single window.
4. In this country, I invented and reduced to practice the subject matter of the rejected claims 1 and 27 prior to March 15, 1998.

LH 001

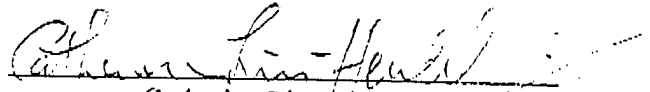

5. Prior to March 15, 1998, through a process of experimentation and development, I invented and reduced to practice a system for selecting and simultaneously displaying a plurality of digitally stored objects, comprising: means for displaying digitally stored objects via a webpage; means for selecting on said webpage a plurality of the displayed digitally stored objects, each displayed digitally stored object having at least one dynamically linked associated destination object; and means for retrieving the at least one dynamically linked destination object for each selected one of the plurality of the displayed digitally stored objects together from a storage medium and then simultaneously displaying together in a single window the retrieved destination objects for viewing.

6. Prior to March 15, 1998, through a process of experimentation and development, I invented and reduced to practice a method for selecting and simultaneously displaying a plurality of digitally stored objects, comprising: displaying a two dimensional array of digitally stored objects; selecting a plurality of digitally stored objects from the two dimensional array of digitally stored objects, wherein each one of the selected plurality of digitally stored objects has at least one dynamically linked associated destination object; after the selecting step, retrieving the at least one dynamically linked destination object associated for each one of the selected plurality of digitally stored objects all together; and simultaneously displaying all together each one of the retrieved associated destination objects in a single window.

I hereby declare that that all statements made in this declaration of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with knowledge that willful false statements and the like are punishable

LH 001

by fine or imprisonment or both (18 U.S.C. § 1001), and that such false statements may jeopardize the validity of the present application or any patent issuing thereon.

Catherine Lin-Mendel
